PLANTA BAIXA - SANTANDER CREECH II

The image shows a detailed architectural floor plan of a four-story building. The plan is oriented vertically, with the top representing the fourth floor and the bottom representing the ground floor. The building features a central vertical corridor on the left side. Each floor contains several rooms, some of which are labeled with letters such as A, B, C, D, E, F, G, H, I, J, K, L, M, N, O, P, Q, R, S, T, U, V, W, X, Y, Z, AA, BB, CC, DD, EE, FF, GG, HH, II, JJ, KK, LL, MM, NN, OO, PP, QQ, RR, TT, and ZZ. There are also various symbols and numbers indicating dimensions and specific features like stairs and fire escapes. The plan is enclosed in a rectangular border.

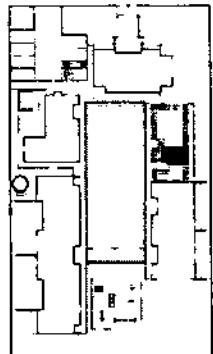

2 382644-105

A technical drawing of a double-sided printed circuit board (PCB). The top side of the PCB is shown on the left, and the bottom side is shown on the right. Both sides feature a central vertical slot, two horizontal slots near the bottom, and various component pads. The bottom side includes additional labels such as 'V1' and 'V2'. A legend at the bottom left indicates component placement: 'SMD' for surface-mount devices, 'DIP' for dual-in-line packages, and 'THT' for through-hole technology. A reference grid is also present.

BRANA PROINFÂNCIA - PROJETO TIPO B	
PROJETO DE ARQUITETURA	
AMPLIAÇÃO SLODO NA TIRPA BANHEARIA WATTS, FEIJUINHO	
DATA:	1982
PROJETISTA:	BRUNO VIEIRA, ARQ.
COLABORADOR:	EDSON VIEIRA, ARQ.
ENTREGA:	1983
VALOR:	R\$ 34.368,00
VALOR PAGAMENTO:	R\$ 34.368,00

The diagram shows a cylinder body with two ports at the top. A rod is attached to the left side of the cylinder body. The text "DE FRAME 1 - CONTE" is written vertically next to the cylinder.

The image shows a detailed black and white floor plan of a large building. The plan includes numerous rooms of varying sizes, some with internal partitions. A prominent feature is a central vertical corridor or staircase. There are several doorways and windows indicated by symbols. The overall layout is complex, suggesting a multi-story or well-constructed single-story residence or institutional building.

This is a detailed architectural floor plan of a building's interior and exterior sections. The plan includes several rooms, a central staircase, and a large open area. Key features labeled include 'PARKING' on the left, 'STAIRS' leading down from the main level, and 'W.C.' (water closet) located near the bottom right. The exterior is defined by thick black lines representing walls, with some sections showing internal wall divisions. A small rectangular opening or window is visible on the right side of the exterior wall.

The image shows a detailed architectural floor plan of a building. The plan includes several rooms and external areas. Key features include:

- A large rectangular room on the left side.
- A central rectangular room with a small entrance on its left side.
- A long narrow corridor running vertically along the right side of the central room.
- Two smaller rooms, labeled 'A' and 'B', located near the bottom left corner.
- A room labeled 'C' situated above room B.
- A room labeled 'D' positioned above room C.
- A room labeled 'E' located to the right of room D.
- A room labeled 'F' situated above room E.
- A room labeled 'G' located to the right of room F.
- A room labeled 'H' situated above room G.
- A room labeled 'I' located to the right of room H.
- A room labeled 'J' situated above room I.
- A room labeled 'K' located to the right of room J.
- A room labeled 'L' situated above room K.
- A room labeled 'M' located to the right of room L.
- A room labeled 'N' situated above room M.
- An entrance labeled 'O' located at the bottom right corner.

The plan also includes various internal partitions, doorways, and a staircase indicated by a set of three steps.

INTRODUÇÃO
Este documento é destinado a todos os profissionais que atuam no setor de construção civil e arquitetura, visando fornecer informações sobre o uso seguro e eficiente do material de construção. Ele abrange desde as etapas iniciais de projeto e compra até a execução e manutenção das estruturas.

DEFINIÇÕES
- Material de Construção: Qualquer produto ou dispositivo usado para a construção de edifícios, estruturas e instalações.

- Projeto: Documento que define as características e especificações de uma estrutura.

- Execução: Fase de construção onde o projeto é realizado.

- Manutenção: Atividade de conservação e reparo de estruturas.

USO CORRETO DO MATERIAL DE CONSTRUÇÃO
- Utilizar materiais comprovadamente seguros e de qualidade.

- Seguir as especificações e normas estabelecidas pelo projeto.

- Executar as etapas de construção de forma sequencial e controlada.

- Realizar a manutenção preventiva e corretiva regularmente.

SEGURANÇA NA CONSTRUÇÃO
- Usar equipamentos de proteção individual (EPI).

- Executar procedimentos de trabalho em altura de forma segura.

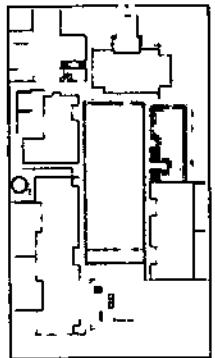

- Manter o ambiente de trabalho organizado e limpo.

- Executar as etapas de construção de forma sequencial e controlada.

MANUTENÇÃO E REPAROS
- Executar manutenção preventiva e corretiva regularmente.

- Utilizar equipamentos e ferramentas adequados para a realização dos reparos.

- Executar as etapas de construção de forma sequencial e controlada.

卷二

The image displays two separate architectural floor plans, labeled Plan A and Plan B, arranged vertically. Both plans feature a rectangular footprint with various rooms and structural details.

Plan A: This plan shows a main entrance on the left leading into a large living room. The living room has a fireplace and a central heating system. To the right of the living room is a dining area, which is connected to a kitchen. The kitchen includes a sink, a stove, and a refrigerator. A small breakfast nook is located in the corner of the kitchen. There is also a utility room with a washing machine and a dryer. A staircase leads up to the second floor. The second floor contains three bedrooms, each with its own bathroom. The plan also includes a central hall with a coat closet and a large storage area.

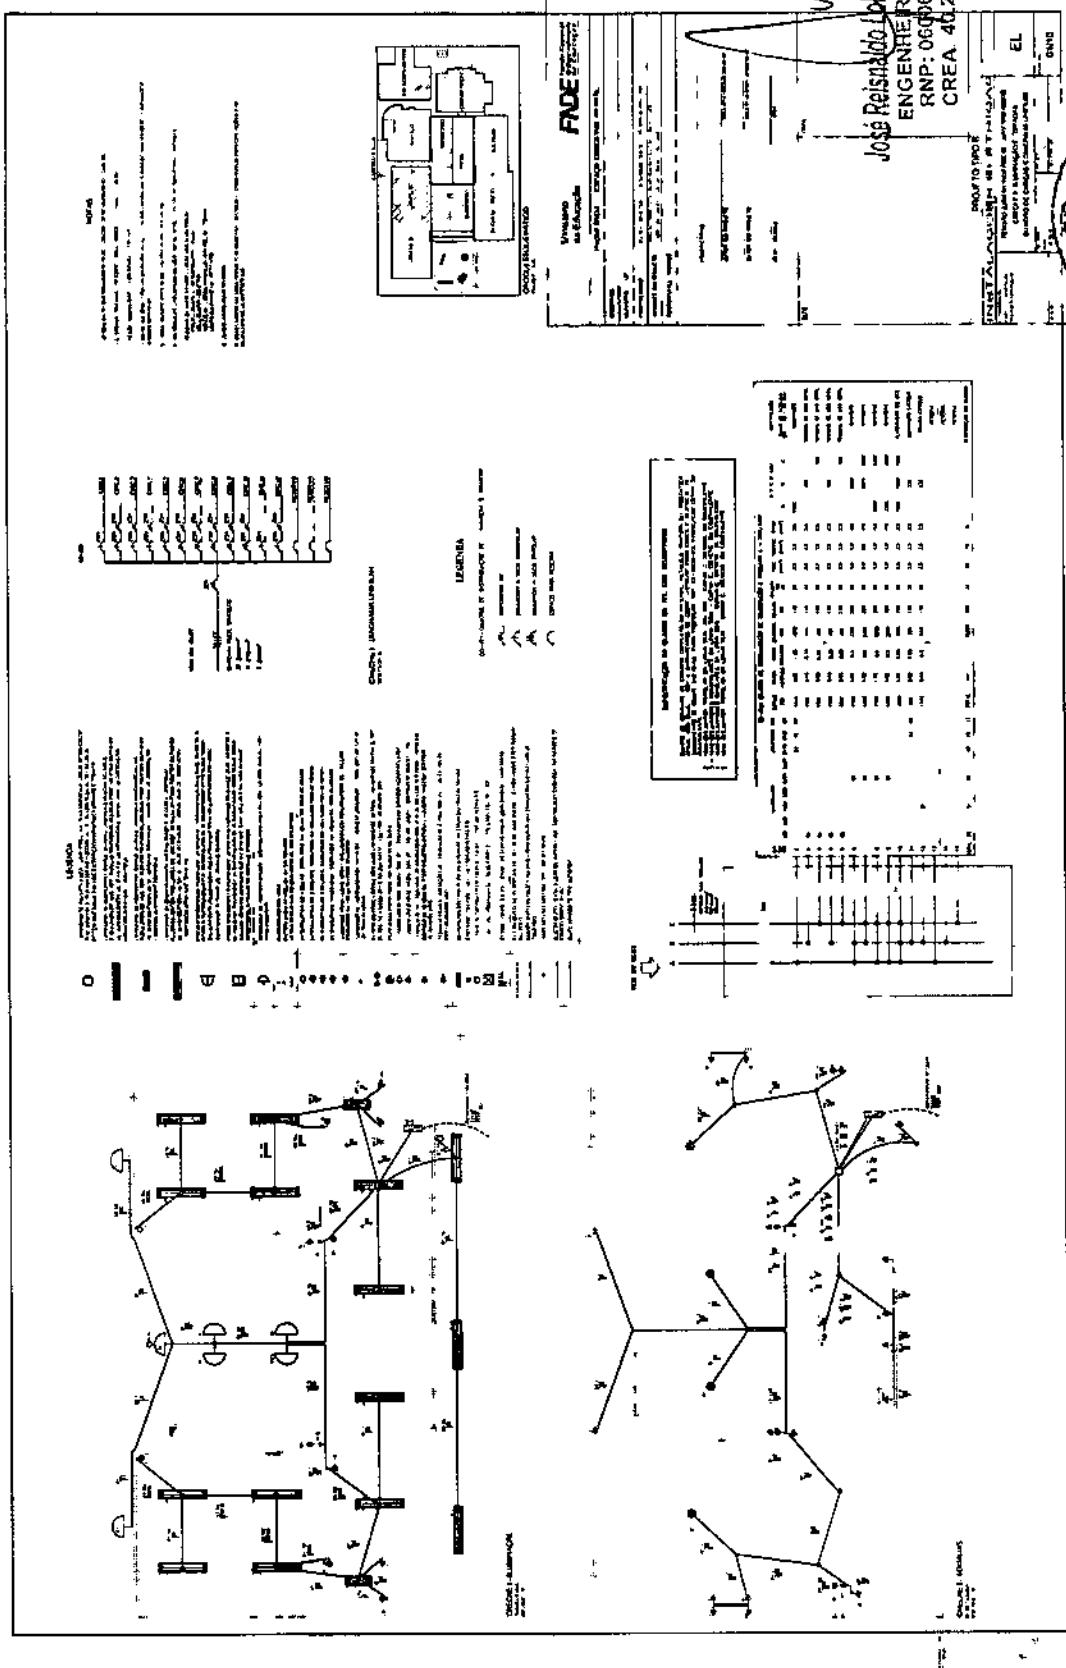

Plan B: This plan features a similar layout to Plan A but with some variations. It includes a main entrance, a living room with a fireplace, a dining area, and a kitchen. However, the layout of the kitchen and dining area is different. The kitchen includes a sink, a stove, and a refrigerator. A breakfast nook is located in the corner of the kitchen. There is also a utility room with a washing machine and a dryer. A staircase leads up to the second floor. The second floor contains three bedrooms, each with its own bathroom. The plan also includes a central hall with a coat closet and a large storage area.
